# **Blue Cross Community MMAI<sup>SM</sup> | 2022 List of Covered Drugs (Formulary)**

## **Introduction**

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Blue Cross Community MMAI. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Blue Cross Community MMAI. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## **B. Frequently Asked Questions (FAQ)**

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

---

### **B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)**

The drugs on the *List of Covered Drugs* that starts on page xi are the drugs covered by Blue Cross Community MMAI. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Blue Cross Community MMAI will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, and
  - you fill the prescription at a Blue Cross Community MMAI network pharmacy.
- Blue Cross Community MMAI may have additional steps to access certain drugs (see question B4 below).

You can also see an up-to-date list of drugs that we cover on our website at <http://www.bcbsil.com/mmai> or call Member Services at **1-877-723-7702** (TTY 711). We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free.

---

### **B2. Does the Drug List ever change?**

Yes, and Blue Cross Community MMAI must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Blue Cross Community MMAI before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702** (TTY 711). We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. **For more information, visit <http://www.bcbsil.com/mmai>.**

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Blue Cross Community MMAI's up to date Drug List online at [\*\*http://www.bcbsil.com/mmai\*\*](http://www.bcbsil.com/mmai).
- You can also call Member Services to check the current Drug List at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free.

---

### **B3. What happens when there is a change to the Drug List?**

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name current drug and add the new generic drug, but your cost for the new drug will be the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe, or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. If you are taking the drug, you should talk to your doctor about next steps. Your doctor will determine the best treatment plan for you. Do not stop taking your medicine. Contact your pharmacist or doctor to talk about treatment options.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. **For more information, visit <http://www.bcbsil.com/mmai>.**

**When these changes happen, we will:**

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

---

**B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example,

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Blue Cross Community MMAI before you fill your prescription. Blue Cross Community MMAI may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Blue Cross Community MMAI limits the amount of a drug you can get.
- **Step therapy:** Sometimes Blue Cross Community MMAI requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1-71. You can also get more information by visiting our website at <http://www.bcbsil.com/mmai>. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to question B10-B12 for more information about exceptions.

---

**B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The table of drugs on page xi has a column labeled "Necessary actions, restrictions, or limits on use."

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. **For more information, visit <http://www.bcbsil.com/mmai>.**

## **B6. What happens if Blue Cross Community MMAI changes their rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about the drugs on the Drug List change.

---

## **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it in the index that begins on Page 72.

To search by **medical condition**, find the section labeled "Drugs Grouped by Medical Condition" on page xiv. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, cardiovascular agents. That is where you will find drugs that treat heart conditions.

---

## **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at **1-877-723-7702 (TTY 711)**, seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. The call is free. If you learn that Blue Cross Community MMAI will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to question B10-B12 for more information about exceptions.

## **B9. What if I am a new Blue Cross Community MMAI member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Blue Cross Community MMAI. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. **For more information, visit <http://www.bcbsil.com/mmai>.**

## **Blue Cross Community MMAI 2022 LIST OF COVERED DRUGS**

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Blue Cross Community MMAI, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Blue Cross Community MMAI member.
- This is in addition to the temporary supply during the first 90 days you are a member of Blue Cross Community MMAI.

Circumstances exist in which unplanned transitions for current members could arise and in which prescribed drug regimens may not be on the formulary. These circumstances usually involve level of care changes in which a member is changing from one treatment setting to another. For these unplanned transitions, you must use our exceptions and appeals process. Coverage determinations and redeterminations will be processed as expeditiously as your health condition requires.

In order to prevent a temporary gap in care when a member is discharged to go home, members are permitted to have a full outpatient supply available to continue therapy once their limited supply provided at discharge is exhausted. This outpatient supply is available in advance of discharge from a Part A stay.

When a member is admitted to or discharged from a long-term care facility, he or she does not have access to the remainder of the previously dispensed prescription. We will ensure you have a refill upon admission or discharge. A one-time override of the "refill too soon" edits are provided for each medication which would be impacted due to a member being admitted to or discharged from a long-term care facility. Early refill edits are not used to limit appropriate and necessary access to a member's Part D benefit, and such members are allowed to access a refill upon admission or discharge.

To ask for a temporary supply, call Member Services. (Phone numbers are printed on the back cover of this booklet).

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug. The sections below tell you more about these options.

---

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Blue Cross Community MMAI to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holidays, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. **For more information, visit <http://www.bcbst.com/mmai>.**

- For example, Blue Cross Community MMAI may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

---

## **B11. How can I ask for an exception?**

To ask for an exception, call your care coordinator or Member Services at **1-877-723-7702 (TTY 711)**. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

---

## **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

### **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Blue Cross Community MMAI covers both brand name drugs and generic drugs.

---

## **B14. What are OTC drugs?**

OTC stands for "over-the-counter". Blue Cross Community MMAI covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Blue Cross Community MMAI Drug List to find out what OTC drugs are covered.

---

## **B15. Does Blue Cross Community MMAI cover non-drug OTC products?**

Blue Cross Community MMAI covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include syringes, pen needles, etc.

You can read the Blue Cross Community MMAI Drug List to find out what non-drug OTC products are covered.

---

## **B16. What is my copay?**

As a Blue Cross Community MMAI member, you have no copays for prescription and OTC drugs as long as you follow Blue Cross Community MMAI rules.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. ## **C. Overview of the *List of Covered Drugs***

The following list of covered drugs gives you information about the drugs covered by Blue Cross Community MMAI. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 72. The index alphabetically lists all drugs covered by Blue Cross Community MMAI.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., MOXEZA) and generic drugs are listed in lower-case italics (e.g., *metformin*).

The information in the necessary actions, restrictions, or limits on use column tells you if Blue Cross Community MMAI has any rules for covering your drug.

### **KEY**

Uppercase = BRAND NAME

Lowercase italics = generics

Tier 1 = Generic

Tier 2 = Brand

Tier 3 = Non-Medicare OTC Drugs

BD = Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.

PA = Prior Authorization

QL = Quantity Limits

ST = Step Therapy

\* = Limited Distribution Drug. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holiday, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free.

# = High Risk Medication (HRM). Medicine that may be unsafe in patients greater than 65 years of age. Our formulary does include coverage for some of these drugs, but alternatives may be found in lower co-pay tiers. Please discuss with your doctor if there are alternatives to these medications that would be appropriate for you to use.

MC = Medicaid covered drug; different appeal rules may apply.

† = High cost drug, consider Split Fill (2-week supply) for copay management if intolerant or change in therapy.

**Note:** The “MC” next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage)

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

**Extra Help** is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Our call center is open Monday-Friday 8:00 a.m. - 8:00 p.m. Central time. On weekends and Federal holiday, voice messaging is available. If you leave a voice message, a Member Services representative will return your call no later than the next business day. The call is free. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

**If you have questions**, please call Blue Cross Community MMAI at **1-877-723-7702 (TTY 711)**. We are available seven (7) days a week. Medicare-Medicaid Plan provided by Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company (HCSC), an Independent Licensee of the Blue Cross and Blue Shield Association. HCSC is a health plan that contracts with both Medicare and Illinois Medicaid to provide benefits of both programs to enrollees. Enrollment in HCSC's plan depends on contract renewal.
